**Lift
Specialists Ltd**

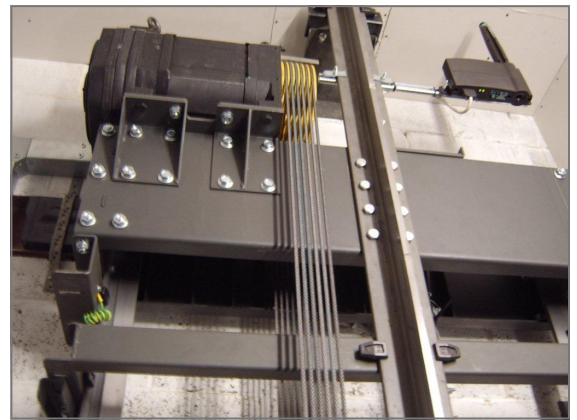

MACMILLANS PUBLISHERS - LONDON

Lift Company: LIFT SPECIALISTS LTD

Consultant: W JENNINGS & ASSOCIATES

- ◆ 6 stop open through
- ◆ 1000kg/13 persons
- ◆ Traditional MRL design due to long guide fixings spans and to spread loads over both shaft walls

As with all our range of lifts, this Optima was supplied with our standard CEG gearless machine and a Lester's control panel.

Acre Lifts

60 LEXHAM GARDENS - LONDON

Lift Company: ACRE LIFTS

Consultant: MANDPLS

- ◆ 4 stop open front
- ◆ 450 / 6 person
- ◆ Speed: 1.0 m/s
- ◆ 700 x 2000mm doors
- ◆ 2 panel side opening
- ◆ Shaft: 1360mm wide x 1430mm deep
- ◆ Car: 1190mm wide x 990mm deep
- ◆ Rucksack at rear with Inverted guide MRL arrangement

Inverted guide solution - maximise small shaft space by having the car & counterweight guides in line providing a solution to install a Traction MRL in place of a Hydraulic Lift.
